*"What on Earth are those ice cubes", you wonder?*

*Well, it's pretty simple: they're the best!*

*Tailored-made from filtered water, their shape and size allow your drink to remain cold without melting too much and turn it into a watery mess. They are also very fancy and hand-stamped by our staff!*

*Our bartenders love their jiggers very much, so rest assured: every drink is measured, poured with love and made for you to enjoy at its best.*

*Cheers!*
